General information

The CRT, Chianti Rogaining Trophy is one stages of the Italian Rogaining Championship. It is a competition of endurance in a manner orienteering score of 3 hours (RL3H ludic mobility), 6 hours (R06H) and 12 hours (R12H) reserved for athletes and non-runners and cyclists, national and international.

Accommodation Art. 1

The Race Office will be located at the Recreation Club in the Plaza of the Resistance 2 places Troghi Rignano Sull'Arno (FI), ITALY; The start and finish will be in the square adjacent to the structure. You can take advantage of the showers and changing rooms and for any overnights in the Public Gym always near the Race Office. Lunch and awards ceremony will be held at the "Iris theater" in Cellai, a village about 1 km from Troghi towards Incisa Valdarno.

Competition terrain Art. 2

The race takes place on a hilly mountain villages will be crossed Florentine inaccessible forests of oaks, brooms and brambles, beautiful vineyards of Chianti and old fields, and now abandoned, monasteries, medieval churches and majestic villas. The altitude varies from 150 meters to 800 meters above sea levels and the area where the event will take place is about 100 square kilometers. The whole track is done in orientation and there will be no directional information of the route.

Maps and cartography Art. 3

The cartography of the map was designed by Team de Tuscania with the OCAD software through processing of the Regional cartography Toscana 10k in orographic representation in contour lines, geo-referenced aerial photos as well as reliefs of the territory through Team GPS tracks. They have been removed most of the political and topographical indications. The map scale is 1: 25000 with equidistance of 10 meters. You will be given a map to every athlete for both Rogaining races MTB-R before departure as scheduled. Will be printed on paper impregnated type Pretex, anti-tear and very resistant to oil, water and grease in size A3 + specification for cartography, however, you may want to gear up in case of rain with door suitable map. The detail and adopted symbols are mixed aimed at the pure spirit Rogaining. In the paper are marked with the various control points indicating the lanterns, any supplies of drinking water and service outlets, more than a few points of interest at the discretion of the organization. Will not be shown fences, railings, chains and private properties unless specific areas enough not to cause environmental naturalistic restrictions.

Lanterns / Ckeck Point Art. 4

On each control point highlighted on the map is a lantern formed by a triangular prism with lateral faces of white-orange measuring 30 x 30 cm. All lanterns are provided with unique identification code to verify that the lantern is the right one, and electronic detection system "SPORTident", with the possibility of mechanical punching in case of malfunctions. (SI-compatible version CARD6 and above, excluding SIAC). The checkpoints will be forty-five (45) distributed throughout the race. The score of each lantern will correspond to the value of ten of its identification code, such as the control point 37 will be worth 30 points, the control point 89 will be worth 80 points, the point 81 always 80 points. If lanterns are used extra and / or score multipliers these will be shown.

Security Art. 5

The safety of all participants, volunteers and rescue personnel has priority over any other needs.

In case of urgent medical care enable the following number wherever you are:

118 Emergency medical care
